

BUSINESS PARTNERSHIP

The Namibian Government and private sector are seeking partners in realising identified viable projects and business opportunities on a mutually beneficial basis.

Partnership Options:

- Direct private investment
- Financing
- Joint venture
- Public-private partnership

Why invest in Namibia?

- Peace, stability and good governance
- First world road, rail and air infrastructure
- Excellent telecommunications network
- Wide inter-continental market access
- Liberal investment regime
- Stable labour environment
- Generous investment regimes
- Fast, efficient and transparent bureaucracy
- Low inflation
- Stable foreign exchange reserves
- Strategically located, low cost and efficient port
- Young and trainable labour force
- Good housing and recreational facilities

Potential areas for Business and Investment in Namibia:

Agriculture and Agro-industry

- Investment opportunities exist in value-added local processing of livestock, ostrich farming, crop production and food processing.
- Good prospects exist for extensive horticulture, such as grapes, olive oil, jojoba and cut flowers.
- Cotton production and establishment of a cotton ginnery.

Please click [here](#) for a list of current Investment Projects in Agriculture (as of September 2010)
